School Bus Regulations for Parents

Pick up and Drop off of students

- The school bus will only drop off a student at the address the parents originally indicated when registering their child to travel on the school bus. The bus will not deliver a child to any other address.
- **It is our safety policy** that the school bus will not allow students to travel on a bus if they are not on the bus roster.

Safety

- All buses are fitted with seat belts and are regularly serviced and maintained.
- All children must wear seat belts and follow the bus safety instructions.

Efficiency and Punctuality

- In case parents have any message for their children, please contact the front office before 12.00.
- Students who use a different school bus throughout the week due to their after school activity schedule, please see the attached sheet.
- The school bus will send a standard short message to the parents' mobile phone if the bus is delayed more than 10 minutes.

Lost and found

- If a student forgets his or her belongings on the bus, the bus monitor will return the items to the School Reception Office on the same day or the following day.
- Please be advised that once a student is on the bus, the bus cannot return to the student's home to collect forgotten items.

Emergency Contact telephone number

In case of an emergency please contact Khun Rob 089-690-9409
